

Delta Dental of Colorado Child-only Plans

Delta Dental of Colorado is the state's leading dental benefits company and the only one based in Colorado.

Unlike most carriers, we focus on just one thing — dental insurance. We provide our more than one million members with the convenience of local customer service backed by a statewide network of dental providers. In addition, we are a nonprofit company with a mission to improve oral health in Colorado. More than half of what we earn goes back to our local community. And many of those programs are centered on improving access to dental care for children.

We offer affordable, comprehensive dental plans for children to keep them healthy and smiling. We are the dental experts, and we understand the special needs of children. With our Pediatric Only Summit plan, all preventive and diagnostic procedures are covered at 100%. This means basic exams, X-rays, and cleanings are covered at no cost to you.

With our network of 2,500 Delta Dental PPO™ dentists in more than 4,200 locations across the state, you get more choice and lower costs. That will help your child's benefits go further because you will pay less for dental care.
